Grants, Awards, & Fellowships

Russell Sage Foundation Trustee Grants ($196,326) — 2023
Russell Sage Foundation

Computational Social Science Fellowship Grant ($10,000) — 2022
Stanford Institute for Research in the Social Sciences

Ethics, Society and Technology Seed Grant ($25,000) — 2021
Stanford University

Technology and Racial Equity Graduate Fellowship 2021
Center for Comparative Studies in Race and Ethnicity, Stanford University

Dissertation Fellowship ($5,500) 2021
Institute for Research in the Social Sciences, Stanford University

Graduate Travel Award 2018
Society of Personality and Social Psychology

Teaching Fellowship 2017
Psych One, Stanford University

Collaborative Research Fellowship 2017
Immigration Policy Lab, Stanford University

Distinction in Research and Creative Works 2016
Department of Psychology, Rice University

Senior Thesis Grant 2015
Undergraduate Scholars Program, Rice University

Travel Grant 2015
Undergraduate Scholars Program, Rice University

Social Sciences Undergraduate Research Enterprise Grant 2015
Rice University

Talks and Presentations

Invited Talks and Sessions

Stanford University, Department of Psychology 2024

California Civil Rights Department & the UCLA Initiative to Study Hate 2024

Conference Talks

Plenary Talk. *Selected as one of 16 plenary talks out of 1000+ submissions* 2025
International Conference on Computational Social Science (IC2S2), Norrköping, Sweden

Symposium. Equity and Access in Digital Spaces 2025
Society of Personality and Social Psychology, Denver, CO

Data Blitz. Computational Psychology Preconference 2025
Society of Personality and Social Psychology, Denver, CO

Tutorial

Bridging Human and LLM Annotations for Statistically Valid Computational Social Science 2025
International Conference on Computational Social Science (IC2S2), Norrköping, Sweden

Teaching Experience

Invited Guest Lectures

Stanford University, PSYCH 217 (Topics and Methods Related to Cultural Psychology) 2025

Stanford University, CS 329R (Race and Natural Language Processing) 2024

Instructor

PSYCH 108S Introduction to Social Psychology (Summer 2019), Stanford University

- Prepared and delivered two lectures per week to 50 Stanford Summer students on historical and contemporary topics in social psychology
- Co-taught, designed syllabus and course materials, wrote and graded assignments and exams

Teaching Assistant

(*indicates assistantships with TA-led discussion sections)

PSYCH 70/SOC2 Self and Society: Introduction to Social Psychology* (Summer 2021), Stanford University

PSYCH 150 Race and Crime (Spring 2021), Stanford University

PSYCH 150B Race and Crime Practicum (Spring 2021), Stanford University

PSYCH 138 Wise Interventions* (Fall 2020), Stanford University

PSYCH 135 The Psychology of Diverse Community (Spring 2019), Stanford University

Summer Institute in Political Psychology* (Summer 2018), Stanford University

PSYCH 1 Introduction to Psychology* (Fall 2017, Spring 2018), Stanford University

PSYCH 102 Longevity* (Winter 2018), Stanford University

PSYC 321 Developmental Psychology (Spring 2016), Rice University

Academic Service

Departmental Service

Diversity Committee and Service, Stanford Department of Psychology 2021, 2024
Volunteer Mentor for Paths to PhD, a program and workshop on applying to research positions and Ph.D. programs in psychology

Graduate Admissions Committee 2018
Graduate Student Representative 2018

Ad-hoc Reviewer

Computer Supported Cooperative Work (CSCW)

Conference on Human Factors in Computing Systems (CHI)

Australian Conference on Human-Computer Interaction (OzCHI)

Quantitative Training

CS 124: From Languages to Information (Stanford University)

PSYCH 252: Statistical Methods for Behavioral and Social Sciences (Stanford University)

PSYCH 254: Lab in Experimental Methods (Stanford University)

EDUC 326: Advanced Regression Analysis (Stanford University)

Professional Skills

Research Methods: Behavioral science, intervention design, field and lab experiments, logs analysis, randomized controlled trials (RCTs), mixed-method analysis, sociocultural analysis.
Quantitative Tools: Statistical modeling (e.g., regressions, ANOVA, t-tests, linear mixed methods, longitudinal analysis), R, Qualtrics, and Python.

Collaboration & Communication: Interdisciplinary team leadership (13+ people), industry partnerships, storytelling across technical and non-technical audiences.
